Student Code of Conduct

Disclaimer

The policies set forth herein do not constitute a contract. Oklahoma City University reserves the right to change and/or replace any portion of these policies at any time. These policies supersede and replace every prior written policy. The Oklahoma City University (the "University") campus and facilities are private property. As officers of a private corporation, the Oklahoma City University Board of Trustees and designated University officials have the power to enact and enforce regulations they believe to be in the best interest and the preservation of the educational climate and the purpose of the University. Members of the campus community and visitors to the campus are expected to abide by University regulations as well as federal, state, and local laws. Any person(s) not willing or able to do so may be subject to disciplinary action by University and/or civil authorities.

Purpose, Principle, and Scope

A college or university has the obligation to seek, disseminate, and use knowledge in pursuing truth. This pursuit is a sensitive undertaking that flourishes only under special conditions and circumstances. To create and sustain these conditions and circumstances, the academic community has found it necessary to set expectations of an academic and nonacademic nature to maintain order and fairness on the campus and within the community.

These rules protect students from the improper behavior of anyone who would infringe upon the rights of others. Certain principles have been found to have a direct impact on community living within a university setting. Each student strengthens the University when he or she lives by these principles and accepts the responsibility and freedom of self-government. These principles include, but are not limited to the following:

- Maintaining academic honesty
- Respecting University and private property
- Keeping faith with University regulations
- Showing respect for others, to include restraint from conduct that threatens the health or safety of any person

Honesty and respect for others are indispensable attributes of the members of any well-ordered society, especially a university. Also indispensable is a genuine respect for legally established laws and regulations. The scope of these rules and regulations is determined by the announced objectives of the University and the extent to which it has reasonably determined that certain rules are fairly related to the accomplishment and protection of those stated objectives.

The submission of an application for admission to the University represents a personal and voluntary decision on the part of a prospective student to abide by these. The University's approval of that application represents the extension of privilege to join the academic community and to remain a part of it, as long as the student maintains the academic and behavioral expectations set forth in the policies and regulations of the University (the Student Handbook, Undergraduate and Graduate catalogs, and the Law School Student Handbook).

In addition, the University subscribes to all federal, state, and local laws, including those governing the possession and use of controlled substances, and requires its students to obey those laws.

Standards of Student Conduct

The administration of student discipline is a necessary part of the total educational process to assist the student in personal development and to protect the academic community. Every student is expected to observe the highest standards of conduct, both on and off campus and while participating in an Oklahoma City University sponsored International Education Program.

Not only must disciplinary procedures be reasonable and fair, they must also be effective. Effectiveness is particularly dependent on the overall attitude of the University community itself. In addition to assuming a widely shared commitment to the principle of institutional self-governance, such effectiveness requires that violations of the Student Code of Conduct be reported; that complaints be filed by those who have the responsibility to do so; that witnesses will report if called; that findings of responsibility be made when the information so warrants; that appropriate outcomes be imposed when responsibility is found; that disciplinary proceedings will be conducted without fear of intimidation or of retaliation against those who participate; and that students must be willing to participate in the proceedings and to respect the finality of their results.

In a university, a strong sense of mutual responsibility, respect, trust, and fairness must exist among all members of the campus community: students, faculty, staff, and administration. In this framework of cooperation, while the emphasis is on personal freedom, each student is charged with the responsibility of self-control and self-reliance. To that end, those living in the University's residence halls must respect the rights of others and live according to approved social principles. Although personal freedom and self-control are stressed, violation of the above standards of behavior may be handled, as appropriate, by the Office of the Dean of Students, the Student Conduct Board, the SGA Student Court or the Law School Disciplinary Tribunal. Students who violate these rules may be subject to outcomes up to and including dismissal from the University.

Since its beginning, the University has emphasized the important role it plays in Christian higher education. This emphasis has led to an increasing awareness on the part of the University of the importance of the development of certain basic values.

Accordingly, the University holds its students to the highest standards of ethical conduct. The University cannot accept responsibility for the education of any student who does not endorse its purposes and regulations, and reserves the right to dismiss any undergraduate, graduate, or law student whose conduct or academic standing it regards as unacceptable. In such cases, any fees due or paid to the University will not be refunded in whole or in part, and neither the University nor its officers shall be under any liability whatsoever for such dismissal.

Off Campus Behavior

When unacceptable behavior occurs off campus, whether at a University event or whenever such behavior may reflect adversely on the University, or affect the safety and security of persons on campus or the orderliness of the educational process, the University may implement the procedures provided for in this Code.

Violating Civil or Criminal Laws

When students are charged with violating civil or criminal laws, the University will neither request nor agree to special consideration because of their student status. The University will cooperate with any government authority or agency in connection with such charges. Further, the University reserves the right to impose the provisions of this Code and to apply outcomes before or after courts and other government agencies have imposed penalties or otherwise disposed of a case.

3. The term “Faculty Member” means any person hired by the University to conduct classroom activities or teaching activities, or otherwise considered by the University to be a member of its faculty.
4. The term “University official” includes any person employed by the University, performing assigned administrative or professional responsibilities.

If at any time the Board consists of more than one member, a chairperson shall be elected to oversee the Board’s proceedings. The Student Conduct Board shall always consist of an odd number of members to prevent the possibility of tie votes.
9. The term “Student Code Administrator” refers to the Associate Dean of Students, or their designee, serving as the administrator of a particular matter.
10. The term “Administrative Hearing”, “Student Accountability Meeting,” or “Conduct Hearing,” (different from “Conduct Board Hearing”) or “Information Gathering Meeting” refers to a conduct meeting between a student and a Student Code Administrator to gather information for an ongoing Student Conduct process, formal or informal meetings pertaining to an ongoing conduct process or determine whether a student has violated the Student Code. Such disposition shall be final, and there shall be no subsequent proceedings.
11. The term “Appellate Officer” means the person authorized by the University to consider an appeal from Student Conduct Board’s determination as to whether a student has violated the Student Code or from the outcomes imposed by the Student Code Administrator.
12. The term “shall” is used in the imperative sense.

Any student who believes that s/he has been a victim of another student’s misconduct will have the same rights under this Student Code as are provided to the Complainant, even if another member of the University submitted the charge itself.
17. The term “Respondent Student” means any student that has been accused of allegedly violating this Student Code.
18. The term “University housing” refers to all residence halls, Cokesbury Court Apartments, fraternity residences approved as on-campus living, adjacent sidewalks/parking lots/structures to on-campus housing, and any future construction which provides residence living for University students, faculty, and/or staff.

19. The term “Default judgement” refers to the assignment of conduct outcomes due to a respondent student’s lack of engagement with pending conduct allegations and/or refusal to participate in the Student Code of Conduct.
20. The term “Student Advisor” refers to a member of the University community and may not be an attorney unless the student has pending criminal charges directly related to the student conduct code violation. The Complainant and/or the Respondent Student is responsible for presenting their own information, and therefore, advisors are not permitted to speak or participate directly in any Student Conduct procedure. A student shall select as an advisor a person whose schedule allows attendance at the scheduled date and time for the student’s conduct procedures.

Article II: Authority over the Student Code of Conduct

The Student Conduct Administrator shall determine the composition of Student Conduct Boards and Appellate Boards and determine which Student Conduct Board, Student Conduct Administrator and Appellate Board shall be authorized to hear each matter.

The Associate Dean of Students, or their designee, shall develop policies for the administration of the student conduct system and procedural rules for the Student Conduct Board Hearings that are not inconsistent with provisions of the Student Code. Decisions made by the Student Conduct Board and/or Student Conduct Administrator shall be final pending the normal appeal process.

Complaints against students that constitute discrimination, harassment, sexual violence, dating violence, domestic violence, stalking and/or retaliation will be forwarded to the Compliance Coordinator for administration under the Policy Concerning Actions That Constitute Discrimination, Harassment, Sexual Violence, and/or Retaliation.

Article III: Medical Amnesty

[The Division of Student Affairs](#) recognizes that the potential for disciplinary action by the Office of the Dean of Students may act as a barrier to students seeking medical assistance for themselves or other students in alcohol or other drug-related emergencies; therefore, the Division of Student Affairs maintains a medical amnesty protocol. In these incidents, the primary concern is the well-being, health, and safety of students.

Students needing medical assistance during an alcohol or other drug-related emergency will not face formal conduct action by the Office of the Dean of Students for the mere possession or use of alcohol or drugs. The recipients of medical attention will avoid formal conduct action through the nonacademic conduct process if they participate in an honest and forthright meeting with a representative from the Office of the

Dean of Students within five business days of the incident and comply with any recommendations prescribed by the office. (The Dean of Students or their designee may extend the five business days requirement as necessary.)

Additionally, any student(s) or a student organization seeking medical assistance for themselves or another person during an alcohol or other drug-related emergency will not face formal conduct action by the Office of the Dean of Students for the mere possession or use of alcohol or drugs. In order to acquire medical amnesty, these individuals or representatives from organizations may need to participate in an honest and forthright meeting with a representative from the Office of the Dean of Students within five business days of the incident and comply with any recommendations prescribed by the office.

Medical amnesty applies only to alcohol or other drug-related medical emergencies and does not apply to other prohibited conduct such as assault, property damage or distribution of illicit substances.

University discipline proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and this Student Code. That is, if both possible violations result from the same factual situation, without regard to the pendency of civil or criminal litigation in court or criminal arrest and prosecution. Proceedings under this Student Code may be carried out prior to,

simultaneously with, or following civil or criminal proceeding off campus at the discretion of the Associate Dean of Students, or their designee. The outcome of any off-campus proceeding will have no impact on the university process

The University will not request or agree to special consideration for a student charged by federal, state or local authorities with a violation of law because of their status as a student. If that alleged offense is processed under the Student Code, the University may advise off-campus authorities of the existence of the Student Code and of how such matters are typically handled within the University community. The University will attempt to cooperate with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators (provided the conditions do not conflict with campus rules or outcomes). Individual students and other members of the University community, acting in their personal capacities remain free to interact with governmental representatives as they deem appropriate.

Article V: Student Code of Conduct Procedures

A. Submitting a Complaint against a Student

Any member of the University community may submit a complaint against a student for alleged violations of the Student Code. A complaint shall be prepared in writing and directed to a Student Conduct Administrator at the Office of the Dean of Students. Any complaint should be submitted as soon as possible after the event takes place, preferably within thirty days. Adjudicating alleged violations or complains might not be possible after this time frame.

The Student Conduct Administrator may conduct an investigation to determine if the complaint has merit and/or if it can be disposed of via an Administrative Hearing. If complaints are not admitted and/or cannot be disposed of by mutual consent during an administrative meeting, the Student Conduct Administrator may later serve in the same matter as the Student Conduct Board or a member thereof. If the student admits violating institutional rules, but outcomes are not agreed to, subsequent process, including a Hearing if necessary, shall be limited to determining the appropriate outcome(s).

If a complaint cannot be disposed of via an Administrative Hearing, all alleged violations of policy shall be presented to the Respondent Student in written form, and the Respondent Student shall be given a period of no less than seventy-two hours to respond to the complaint and alleged violation.

A time shall be set for a Student Conduct Board Hearing not more than fifteen classroom days after the student has been notified. Maximum time limits for scheduling of Student Conduct Board Hearings may be extended at the discretion of the Student Code Administrator.

B. Student Conduct Board Hearings

1. Student Conduct Board Hearings shall be conducted by a Student Conduct Board according to the following guidelines except as provided by Article V (A) (7).
2. Student Conduct Board Hearings normally shall be conducted in private.
3. The Complainant, Respondent Student and their advisors, if any, shall be allowed to attend the entire portion of the Student Conduct Board Hearing at which information is received (excluding deliberations). Admission of any other person to the Student Conduct Board Hearing shall be at the discretion of the Student Conduct Board and/or the Student Code Administrator.
4. In Student Conduct Board Hearings involving more than one Respondent Student, the Student Code Administrator, in their her discretion, may permit the Student Conduct Board Hearings concerning each student to be conducted either separately or jointly.
5. The Complainant and the Respondent Student have the right to be assisted by an advisor they choose, at their own expense. The advisor must be a member of the University community and may not be an attorney unless the student has pending criminal charges directly related to the student conduct code violation. The Complainant and/or the Respondent Student is responsible for presenting their own information, and therefore, **advisors are not permitted to speak or participate directly in any Student Conduct Board Hearing before a Student Conduct Board.** A student shall select as an advisor a person whose schedule allows attendance at the scheduled date and time for the Student Conduct Board Hearing because delays will not normally be allowed due to the scheduling conflicts of an advisor.
6. The Complainant, the Respondent Student and the Student Conduct Board may arrange for witnesses to present pertinent information to the Student Conduct Board. Only witnesses able to speak to the substance of an allegation may be called. Character witnesses may submit written statements for inclusion at the hearing, but shall not be called as a witness. At least two classroom days prior to the Student Conduct Board Hearing the University will try to arrange the attendance of possible witnesses who are members of the University community, if reasonably possible, and who are identified by the Complainant and/or Respondent Student. Witnesses will provide information to and answer questions from the Student Conduct Board. Questions may be suggested by the Respondent Student and/or Complainant to be answered by each other or by other witnesses. This will be conducted by the Student Conduct Board with such questions directed to the chairperson, rather than to the witness directly. This method is used to preserve the educational tone of the Hearing and to avoid creation of an adversarial environment. Questions of whether potential information will be received shall be resolved in the discretion of the chairperson of the Student Conduct Board.

7. Pertinent records, exhibits, and written statements (including Student Impact and Character Witness Statements) may be accepted as information for consideration by a Student Conduct Board at the discretion of the chairperson.
8. All procedural questions are subject to the final decision of the chairperson of the Student Conduct Board.
9. After the portion of the Student Conduct Board Hearing concludes in which all pertinent information has been received, the Student Conduct Board shall determine (by majority vote if the Student Conduct Board consists of more than one person) whether the Respondent Student has violated each section of the Student Code which the student is charged with violating.
10. The Student Conduct Board's determination shall be made on the basis of whether it is more likely than not that the Respondent Student violated the Student Code.
11. Formal rules of process, procedure, and/or technical rules of evidence, such as are applied in criminal or civil court, are not used in Student Code proceedings.
12. There shall be a single record of all Student Conduct Board Hearings before a Student Conduct Board (not including deliberations). Deliberations shall not be recorded. The record shall be the property of the University.
13. If a Respondent Student, with notice, does not appear before a Student Conduct Board Hearing, the information in support of the allegations of misconduct may nevertheless be presented and considered even if the Respondent Student is not present.
14. The Student Conduct Board may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the Complainant, Respondent Students and /or other witnesses during Hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where appropriate, as determined in the sole by the Associate Dean of Students, or their designee.

C. Special Procedures for Students Participating in International Education Programs

Students who participate in International Education Programs are subject to the Oklahoma City University Student Code while at the program site. The following are Hearing procedures in the event a student participating in an International Education Program is Respondent of violating the Student Code:

1. The sponsoring program institution will forward incident reports and any supporting documents to the Oklahoma City University Office of Global Engagement immediately following the incident. The Office of Global Engagement will contact the appropriate University offices.
2. In situations where the Respondent student is not available to appear in person at the Oklahoma City University home campus, when appropriate, the Associate Dean of Students, or their designee, will designate a Student Code Administrator at the international site.
3. In the event a designee is not designated, the Student Code Administrator may conduct a student conduct Hearing by telephone or other means of communication or upon the return of the student to campus
4. All student conduct Hearings will be conducted as prescribed in this Student Code.
5. All outcomes listed in the Student Code, including interim suspension may be employed in the event a student is found responsible.
6. In the case of arrest or other legal issues, Oklahoma City University assumes no financial responsibility for legal aid costs associated with expulsion from the University while participating in an International Education Program (Study Abroad), included but not limited to return transportation to the U.S. from a host country. However, when appropriate, a University liaison may provide assistance in contacting family and appropriate government offices.
