BRAND GUIDELINES

A memorable and effective identity takes years to build, but it can quickly erode through a failure to protect and accurately implement the elements that define it.

This document will provide you with the basic guidelines for Oklahoma City University Athletics' brand, including how to use the new logos and wordmarks. The elements outlined in this guide highlight the key graphic tools available to represent and express Oklahoma City University Athletics' unified image to the world. Used with care and imagination, these new tools will ensure that the university's image will retain its impact and consistency for years to come.

The key to these brand guide is the system of wordmarks and contrasting color. In order to maintain consistency throughout the system, the new brand guide prohibits the use of any additional iconography, marks or artwork outside of the approved marks outlined in this guide.
