

BRAND GUIDELINES

Oklahoma City
UNIVERSITY

Introduction to the Oklahoma City University Graphic Identity Program

A memorable and effective identity takes years to build, but it can quickly erode through a failure to protect and accurately implement the elements that define it.

This document will provide you with the basic guidelines for Oklahoma City University's Graphic Identity Program, including how to use the primary logotypes. The elements outlined in this guide highlight the key graphic tools available to represent and express Oklahoma City University's unified image to the world. Used with care and imagination, these tools will ensure that the university's image will retain its impact and consistency for years to come.

The key to this Graphic Identity Program is the system of wordmarks and contrasting color. In order to maintain consistency throughout the system, the Graphic Identity Program prohibits the use of any additional iconography, marks or artwork outside of the approved marks outlined in this guide.

OCU Graphic Identity Program **Elements Overview**

The Oklahoma City University Graphic Identity Program has been designed to convey the unique qualities of Oklahoma City University and is composed of a system of coordinated graphic elements, including:

- Star Icon
- Formal Wordmark
- Informal Wordmark
- Primary Vertical Logotype
- Secondary Vertical Logotype
- Primary Horizontal Logotype

When consistently applied with the university's full name, the elements of the graphic identity work together to create a coherent Oklahoma City University image. Along with the use of official university colors and typefaces in all university print, digital and product applications, these graphic elements create awareness, loyalty and recognition of the Oklahoma City University brand.

OCU Graphic Identity Program **Star Icon**

The icon is one of the primary graphic tools for expressing Oklahoma City University's identity. The icon can be used by itself or in conjunction with the wordmark. Always use approved artwork. Do not attempt to create your own. This will ensure the consistent use of the icon in all applications. The Star Icon can be used with different opacities as an element in designs.

Minimum clearance should be at least
one quarter the height on all sides

Minimum size should be no smaller than
0.5 inches wide

The formal wordmark is one of the primary graphic tools used to express Oklahoma City University's identity. Set in Romain, it includes "UNIVERSITY," set in Houschka Pro below. When used alone, the wordmark should be centered. Always use approved artwork. Do not under any circumstances attempt to match this letterform with other typefaces, no matter how similar they may appear. This will ensure the consistent use of the wordmark in all applications. The Formal Wordmark should only be used at 100% opacity.

Oklahoma City
UNIVERSITY

Minimum size should be no smaller than
1 inch wide

Minimum clearance should be at least
half the height on all sides

OCU Graphic Identity Program **Informal Wordmark**

The informal wordmark is one of the primary graphic tools used to express Oklahoma City University's identity, and is set in Houschka Pro all caps. It should be used less often than the formal wordmark. Always use approved artwork. Do not under any circumstances attempt to match this letterform with other typefaces, no matter how similar they may appear. This will ensure the consistent use of the wordmark in all applications. The Informal Wordmark should only be used at 100% opacity.

OKLAHOMA CITY UNIVERSITY

Minimum size should be no smaller than
1.25 inches wide

Minimum clearance should be at least
twice the height on all sides

OCU Graphic Identity Program **Primary Vertical Logo**

The vertical logotype combines the icon with the wordmark. This version of the logotype is ideal for uses where more vertical space is available. Always use approved artwork. Do not under any circumstances attempt to match this letterform with other typefaces, no matter how similar they may appear. This will ensure the consistent use of the logotype in all applications. The Primary Vertical Logo should only be used at 100% opacity.

Minimum clearance should be at least
one quarter the height on all sides

Minimum size should be no smaller than
1 inch wide

OCU Graphic Identity Program **Primary Horizontal Logo**

The horizontal logotype combines the icon with a left-aligned version of the wordmark. This version of the logotype is ideal for uses where more horizontal space is available. Always use approved artwork. Do not under any circumstances attempt to match this letterform with other typefaces, no matter how similar they may appear. This will ensure the consistent use of the logotype in all applications. The Primary Horizontal Logo should only be used at 100% opacity.

Minimum size should be no smaller than
1.6 inches wide

Minimum clearance should be at
least half the height on all sides

OCU Graphic Identity Program **Secondary Vertical Logo**

The vertical logotype combines the icon with the wordmark. This version of the logotype is ideal for uses where more vertical space is available. Always use approved artwork. Do not under any circumstances attempt to match this letterform with other typefaces, no matter how similar they may appear. This will ensure the consistent use of the logotype in all applications. The Secondary Vertical Logo should only be used at 100% opacity.

Minimum clearance should be at least
one quarter the height on all sides

Minimum size should be no smaller than
1 inch wide

OCU Graphic Identity Program **Incorrect Usage**

The star icon, wordmark and logotypes should not be altered in any way, including extending, condensing, outlining; adding borders, special effects or drop shadows; or attaching other words or graphics. The examples on these pages present incorrect usage and alterations of the star icon, wordmark and logotypes. These examples are not inclusive of all incorrect usages. Any usage that deviates from the approved usages found in this guide may be an incorrect usage.

Don't vertically scale the logotype.

Don't horizontally scale the logotype.

Don't resize any of the elements.

Don't resize any of the elements.

Don't rotate or rearrange any of the elements.

Don't left align the wordmark.

Don't add a dropshadow to any of the elements.

Don't use unapproved color combinations.

Don't use unapproved colors.

PRIMARY COLORS

The logo can be in these primary colors ONLY.

RICH BLACK
CMYK: 20-10-10-100
PMS Black 6 C
HEX# 000000

TRUE BLUE
CMYK: 100-60-20-0
PMS 3015 C
HEX# 00669b

WHITE
CMYK: 0-0-0-0
PMS White
HEX# ffffff

SECONDARY COLOR

The logo can be shown in white on top of the secondary color.

DARK BLUE
CMYK: 100-75-40-30
PMS 302 C
HEX# 043d5d

ACCENT COLORS

The logo cannot be rendered in these accent colors or shown on top of these colors. These official accent colors may be used in design. Primary or secondary colors should comprise the majority of a design, while accent colors can have minimal or supporting presence.

CYAN
CMYK: 80-20-0-0
PMS 299 C
HEX# 009edb

LIGHT BLUE
CMYK: 35-0-0-0
PMS 2975 C
HEX# 9ddcf9

YELLOW
CMYK: 0-25-95-0
PMS 123 C
HEX# ffc222

GREEN
CMYK: 60-0-90-0
PMS 360 C
HEX# 70bf54

LIGHT GREEN
CMYK: 35-0-75-0
PMS 367 C
HEX# afd46c

OCU Graphic Identity Program **Approved Color Combinations**

The examples shown are the approved color combinations for OCU logotypes. The logotype should never appear in more than one color. As a standard, Pantone 301C, black and white (including the approved CMYK and RGB conversions, see page 10) should be used.

White Background

When the logotype is on a white background,
it can appear in blue, or black

Black or Dark Background

When the logotype is on a black or dark background,
it can appear in white.

Although logos on photos are allowed, please make sure that the entire logo has high contrast from the background and is fully legible. Do not place a white logo over a light-colored area of the photo, nor a blue or black logo go over a dark-colored area of the photo.

OCU Graphic Identity Program **Official Sans Serif Typeface**

The designated sans serif typeface for OCU is Houschka Pro. This face can be used in all of its available weights and styles as a display face in other official communications and print collateral. When a heavier weight is desired for various communications, it is important to switch to a heavier version of Houschka Pro, rather than simply pushing the Bold button in a program. This alters the font and is not recommended.

OPTION 1: One-color back, QR code in either white or blue backgrounds

OPTION 2: One-color back, formal wordmark with mission statement in either white or blue backgrounds

Crest **Overview**

The university crest should not be used as the university logo. It is reserved for special publications like commencement programs, diplomas, invitations, and certificates. It may sometimes be incorporated as a design element on publications. All use of the crest must be approved by the Creative Director. The quality restrictions for use of the university crest are the same as for use of the university logo. The range of colors in which the university crest may be printed also includes gold and silver.

The two versions below are the only approved versions for the university crest. The crest has the same quality and color restrictions as the university logo. The Crest Logo should only be used at 100% opacity.

This is the only approved version of Starsky and can't be altered in any way.
